

PATIENT LEVEL COSTING

Are you considering how to meet NHS Improvement's Costing Transformation Programme (CTP) requirements?

WHAT WILL IQVIA DELIVER?

Largest & growing costing team

Compliant with NHS Improvement

Fast, automated reports

NHS Trusts supported

COMBINATION OF MOST EXPERIENCED COSTING EXPERTS AND MARKET LEADING SOLUTION

Our priority is to turn your data in to actionable insight that can help transform your Trust by identifying inefficiencies and enabling best practice

- Our combined team has over **250 years** of NHS experience.
- We continue to recruit and develop the **most experienced and highest quality** costing expertise.
- We guarantee to be **CTP compliant** at all times and consistently support the most CTP submissions
- Our dashboards are **clinically, financially and operationally** focussed allowing models to be extended to put the "I" back in PLICS
- The solution includes a data mart suite for ease of data extraction to meet changing needs of the Trust and NHS Improvement
- The cost engine **processes data fast** and uses minimal IT resources
- We provide **flexible deployment** models- both on-premise and a fully managed service exist to suit your requirements
- Long standing reputation for close personal relationships with customers and **unparalleled personal support**
- **End-user reporting based** on QlikView dashboard technology
- Provide you toolkits to enable you to build dashboards in numerous BI tools, such as Qlik, Tableau and PowerBI.

" We definitely feel we made the right decision... with IQVIA combining Healthcost and Albatross, I feel they are going to become the market leaders as they are so forward looking and seem passionate about NHS Costing. There is also a great user group consisting of some very knowledgeable costing practitioners from leading NHS Trust."
Samantha Russell, Finance Manager, University Hospital Southampton NHS Foundation Trust

" We're very pleased to have selected IQVIA to provide our new PLICS solution. We wanted to work with a company that has a proven track record for supporting their clients in submitting Reference Cost and CTP submissions. Importantly, this fits with our STP strategy to have a common tool with an eye on efficiencies."
Emma Frost, Kings College Hospital

OUR FUTURE-PROOF, COST-SAVING MANAGED SERVICE COULD BE THE ANSWER

Realise significant savings

Reduce time and release resource

Maintain control

Focus on insights

Like many NHS organisations in the wake of NHS Improvement’s Costing Transformation Programme, you may be looking afresh at your options for a Patient Level Information Costing System (PLICS). Implementing and maintaining patient-level costing can be expensive, time consuming and resource intensive and with new exacting standards for compliance to address, the challenges are growing.

IQVIA can alleviate this burden. Our market leading capabilities ensure a best in class approach for meeting NHS Improvement current and evolving requirements and providing the insights you need to improve your organisation’s performance at a fraction of the cost.

FOCUS ON THE INSIGHTS - NOT THE PROCESS

Entrust your PLICS to IQVIA to:

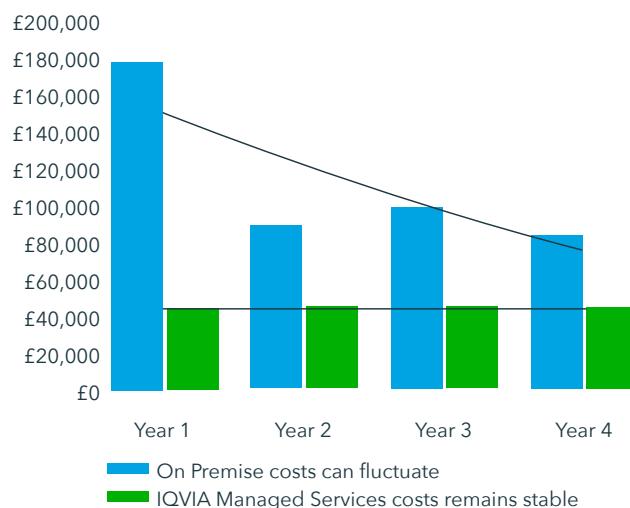

- Release your existing resource, allowing your team to concentrate on gaining maximum value from the costing information
- Provide continuity and peace of mind, removing the worry of keeping pace with evolving requirements and the risk of data gaps and lost knowledge when costing staff leave
- Relieve you of the strain but leave you in control, with a service that is carefully handled, closely monitored and subject to your review and sign-off at every key stage of the process

REALISE SIGNIFICANT SAVINGS

Ensure that you are fully compliant with CTP standards and significantly reduce your costs particularly in relation to:

- Software licenses and hardware
- Software support and maintenance
- Internal IT support
- Increased resource needs
- Change management
- External contractors
- Ongoing conformity with CTP standards

Our managed service ensures lower costs and constant savings

IQVIA is a leading authority in costing, income & performance analytics, benchmarking and patient experience surveys. We offer extensive end-to-end solutions and services tailored for the NHS from data sources through to supporting actionable results.
