

# Get access to fast, reliable NHS policy insights

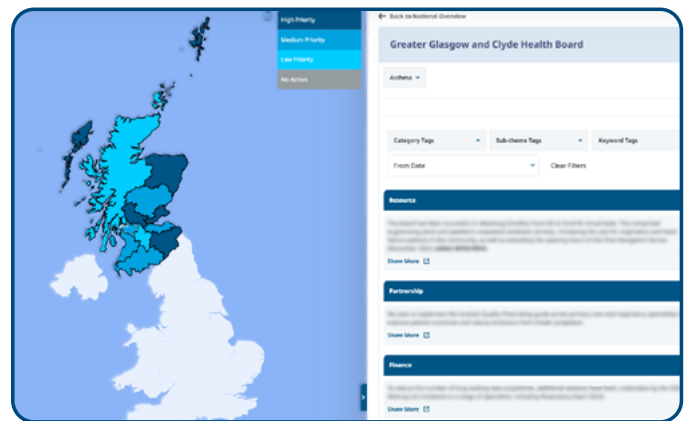

## *Healthcare Policy Analysis tool*

Our customisable platform helps you monitor the impact of NHS strategies on products or therapy areas, supporting strategic decision-making with tailored insights.

### Our customisable mapping centre

Access comprehensive data and dive into analyst-written summaries to gain valuable insights on local policy actions.

Access analyst-written summaries and filter content by category, focus area, sub-theme, or date range.

### KEY FEATURES

#### **Tailored data collection for simplified decision-making**

Our team gathers data for your selected therapy area across a wide choice of NHS organisation types. Insight is distilled from Strategic Documents, Board Papers, and webpages at the point of publication, saving you valuable time and ensuring you stay ahead of the curve.

#### **Customisable summaries for bespoke insight**

Updates are categorised under 'Resource', 'Partnership', and 'Financial' priorities, making NHS policy more accessible than ever.

#### **Continuous monitoring for timely updates**

Receive rapid updates based on continuous monitoring, ensuring you're the first to hear of local policy changes and specific workstreams.

#### **Stay informed with personalised alerts**

Utilise content alerts and get notified of new actions as frequently as you prefer, empowering you to make timely decisions.

#### **Harness our Joint Working view**

Identify key players and monitor competition or use the tool in tandem with policy summaries to maximise impact where it's needed most.
