

# Our 2025 Gender Pay Gap Results

# A Message from our General Manager

Since 2017, the UK Government has required all employers with 250 or more employees to report, on an annual basis, statutory calculations showing particular pay information by gender.

Since then, we have shared and analysed our Gender Pay Gap on an annual basis and have identified a range of ongoing actions to address our Gender Pay Gap over time.

We continue to progress on a number of initiatives and our results have improved steadily since we began reporting.
