

IQVIA Stock Ticker Symbols for National Data Offerings

Integrated corporate identifiers that simplify the use of IQVIA data

Industry challenges

In the financial community, today's life sciences industry investors need advanced features tailored to their specific needs, including:

- Rapid and effective association of corporate identifiers through integrated ticker symbols to enable streamlined Sales and Prescription data reporting
- Market insights on the purchasing behavior of large pharmaceutical companies that impact investor strategies and overall market dynamics
- Cost effective, strategic data enhancements that empower the financial community

The right solution — IQVIA Stock Ticker Symbols with seamless integration across all IQVIA National Offerings

Access the power of IQVIA's integrated ticker symbol solution with corporate identifiers sourced from trusted institutions including NYSE and NASDAQ. IQVIA's bridge file and advanced Data as a Service (DaaS) delivery options empower customers to effortlessly incorporate third-party ticker data directly into their data warehouses, streamlining internal processes and driving faster, more informed decisions.

Enhance your analysis by applying this vital data to IQVIA's core data solutions, including National Prescription Audit (NPA), National Sales Perspectives (NSP), Weekly Sales Perspectives (WSP), and other integrated offerings. With IQVIA's exclusive content, you can gain a distinct edge that enables deeper market interpretation, sharper investment strategies, and truly impactful insights for the financial community. Experience the difference that trusted, interoperable data makes in elevating your market perspective and performance.

Why use IQVIA Ticker Symbols

Easier identification of data

Faster investment decisions

Industry streamlined data reporting

Delivery

Ticker Symbol data will be refreshed quarterly following a syndicated delivery process

Files will be provided in a bridge file format through DaaS to an SFTP, S3, or AWS drop location for client pick-up and integration into their environments

Each quarterly update will include the following dimensions as standard:

- IQVIA Corporation Name
- Ticker Symbol
- Stock exchange the ticker is traded on
