

Live Access Portal Allows Visibility to the Entire OneKey Database

Your gateway to a universe of healthcare professionals and organizations

Live Access is a comprehensive web-based tool that enables you to view detailed profiles of physicians and healthcare facilities for commercial insight. Linked to IQVIA's OneKey reference database in the cloud, it is accessible on any Internet browser on any device. The portal also provides simple access to manage your OneKey subscription from anywhere.

Use **LIVE ACCESS** to

- See profiles for **11 million healthcare professionals** and **750,000 healthcare organizations**
- Drill deep into **dozens of data attributes** for better targeting and segmentation
- Understand the **relationships between providers and sites of care**
- Increase your **knowledge of your targets and territories**
- Send **data investigation requests** to the IQVIA team
- **Connect to Salesforce directly** via API
