Oral Presentations

OR-4848 • External comparators supporting regulatory submissions: 2017-2019

Joan A Largent, Priscilla Velentgas

OR-4909 • Tools for assessing the validity of non-randomized studies: A systematic review. Recommendations by the International Society for Pharmacoepidemiology Comparative Effectiveness Research Special Interest Group (cer Sig)

Elvira D'Andrea, Lydia Vinals, Elisabetta Patorno, Jessica M Franklin, Dimitri Bennett, Joan A Largent, Daniela C Moga, Hongbo Yuan, Xuerong Wen, Andrew R Zullo, Thomas A Debray, Grammati Sarri

Workshop
Live Session with Q&A

WS-0004 • Will data privacy and confidentiality squeeze out research?

Register ✎ October 27

Alison Bourke, Amanda Culley, David Miller, Georgina Bourke

Skills Courses
Live Q&A Sessions

SC03 • Advanced pharmacoepidemiology
Register ✎ November 4
Caitlin Knox, Shannon Sperati, Andrea Marguilis, Jaclyn Bosco, Sonia Hernandez-Diaz, Matthew Reynolds, Daniel Prieto-Alhambra, Nicolle Gatto, Jeremy Rassen

SC16 • Pharmacoepidemiologic considerations for biologicals and biosimilars

Register ✎
Jaclyn Bosco, Thijs Giezen, Gianluca Trifirò, Rohini Hernandez

SC18 • Pragmatic trials: Design, methods, and implementation
Register ✎ October 7
Jennifer Christian, Priscilla Velentgas, Cynthia Girman, Anne Trontell, Elaine Irving

SC21 • Prospective research using today's technologies for community-driven research
Nancy Dreyer, Christina Mack, Nabarun Dasgupta, William Dixon

SC22 • Real world evidence (RWE) generation for rare diseases drug development: Data sources and innovated methods
Jasmanda Wu, Federica Pisa, Rima Izem, Janet Sultana, Cynthia Jones, Xabier García-Albéniz, Emily W Bratton

SC25 • Using pharmacoepidemiology database resources to address drug safety research
Register ✎ October 26
Kevin Haynes, Gillian Hall, Matthew Reynolds, Keith Marsolo, Daniel Beachler, Sudha Raman

SC27 • How to collaborate effectively with machine learning experts
Register ✎ September 30
Harriet Dickinson, Dorothee Bartels, Lisa Weiss, Dana Teltsch, Victoria Strauss, Stephen Schachterle, Orla Doyle, Nassim Haddad
